

WHAT'S THAT SMELL?

It IS Toxic Hydrogen Sulfide Gas (H₂S) from the
Fenimore Landfill
located on Mountain Road in Roxbury Township!!

Thousands of kids and residents living within a 2 mile radius of the Fenimore Landfill in Roxbury Township are being poisoned daily by TOXIC Hydrogen Sulfide gas emanating from the landfill. Hydrogen Sulfide typically smells like rotten eggs!

SYMPTOMS OF H₂S EXPOSURE

- Irritation of Eyes, Nose, and Throat
 - Nausea
 - Headache
- Difficulty breathing, especially in people with Asthma or lung conditions
